

# translationStudio for the Desktop

Uploading, Exporting, and  
Importing a Project

# What Is This Presentation About?

In this presentation you learn to:

- Explain why you should upload a project
- Describe the upload options
- Review a project
- Upload a project to Door43
- View a project on Door43
- Delete a project from translationStudio
- Import a project from Door43
- Resolve merge conflicts

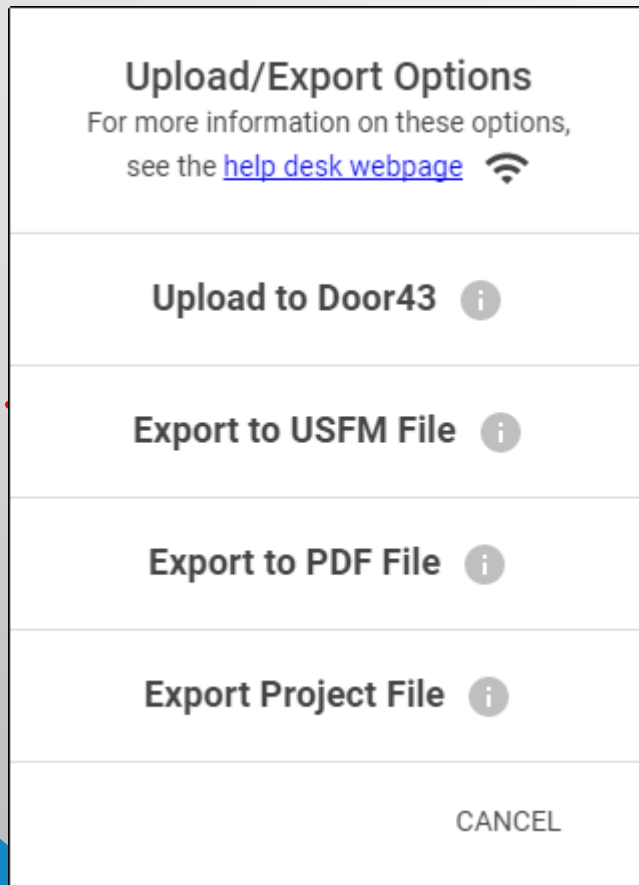

# Uploading/Exporting a Project

- tS saves work to your device every 5 min. by default (can change in Settings)
- Good idea to create an offline backup in case:
  - Your files get corrupted
  - Your device crashes
- Enables you to:
  - Share your work with others
  - Work on a different device by importing to any device that has translationStudio installed
- tS provides several ways to back up and/or share your work

# Options for Uploading/Exporting a Project

- Options menu (3 dot icon) from Project Screen: Upload/Export
- Several options:

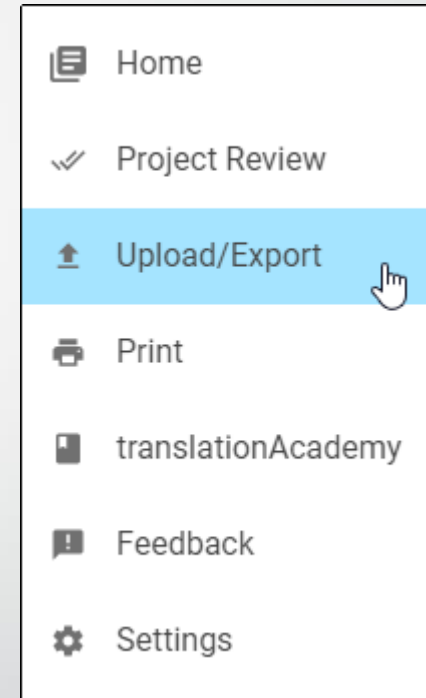

Upload to Door43 server (requires internet connection and login to Door43 account)

Save a USFM file on your device

Save a PDF file on your device

Save project on your device with tstudio extension

# Reviewing/Uploading/Exporting a Project

**Hands On  
Exercise**

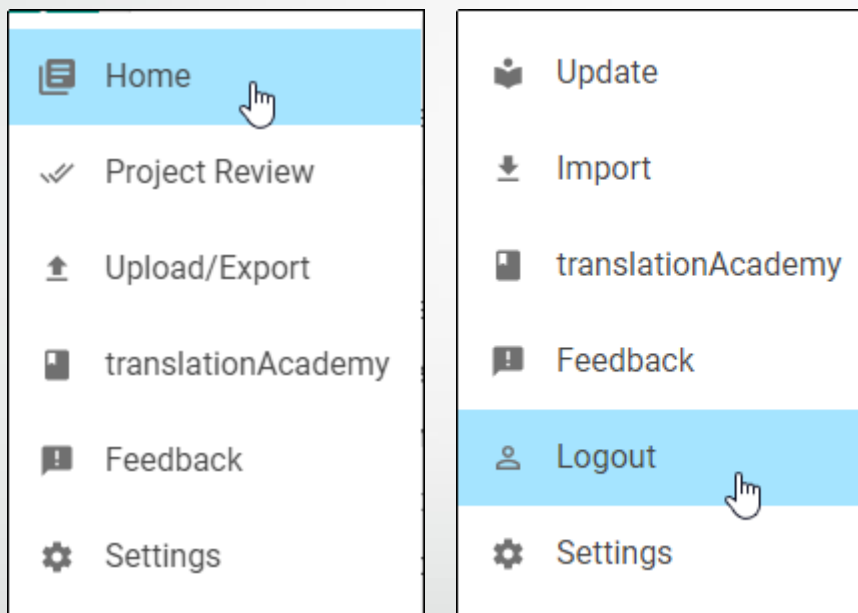

1. Log in to Door43.
2. Review your project and add another contributor.
3. Export your project to Door43.
4. View the project on Door43.

# Step 1: Logging in to Door43

1. If you are using an offline account:

a. Log out of tS.

OR

b. Create a Door43 account, or log into an existing one.

Setup your User Profile with one of the options below.

**Login to your Door43 Account**

Use this option to be able to upload projects to your existing account

OR

**Create a Door43 Account**

Use this option if you do not have a Door43 account but want to upload

**Create Local User Profile**

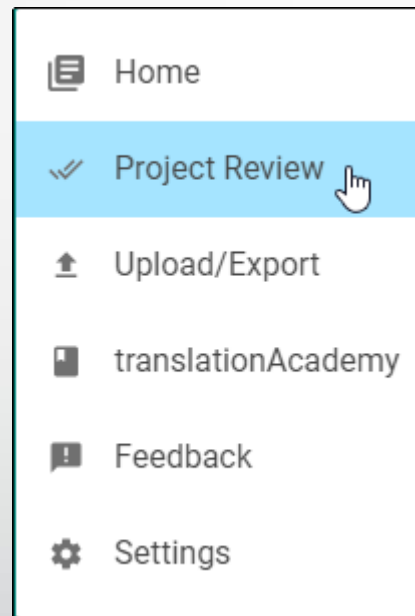

Use this option if you do not have a Door43 account and do not want to upload

# Step 2: Reviewing Your Project

2. Review your project and add another contributor.

- a) Open your project
- b) Click Project Review on Options menu (good idea to review before sharing or exporting).

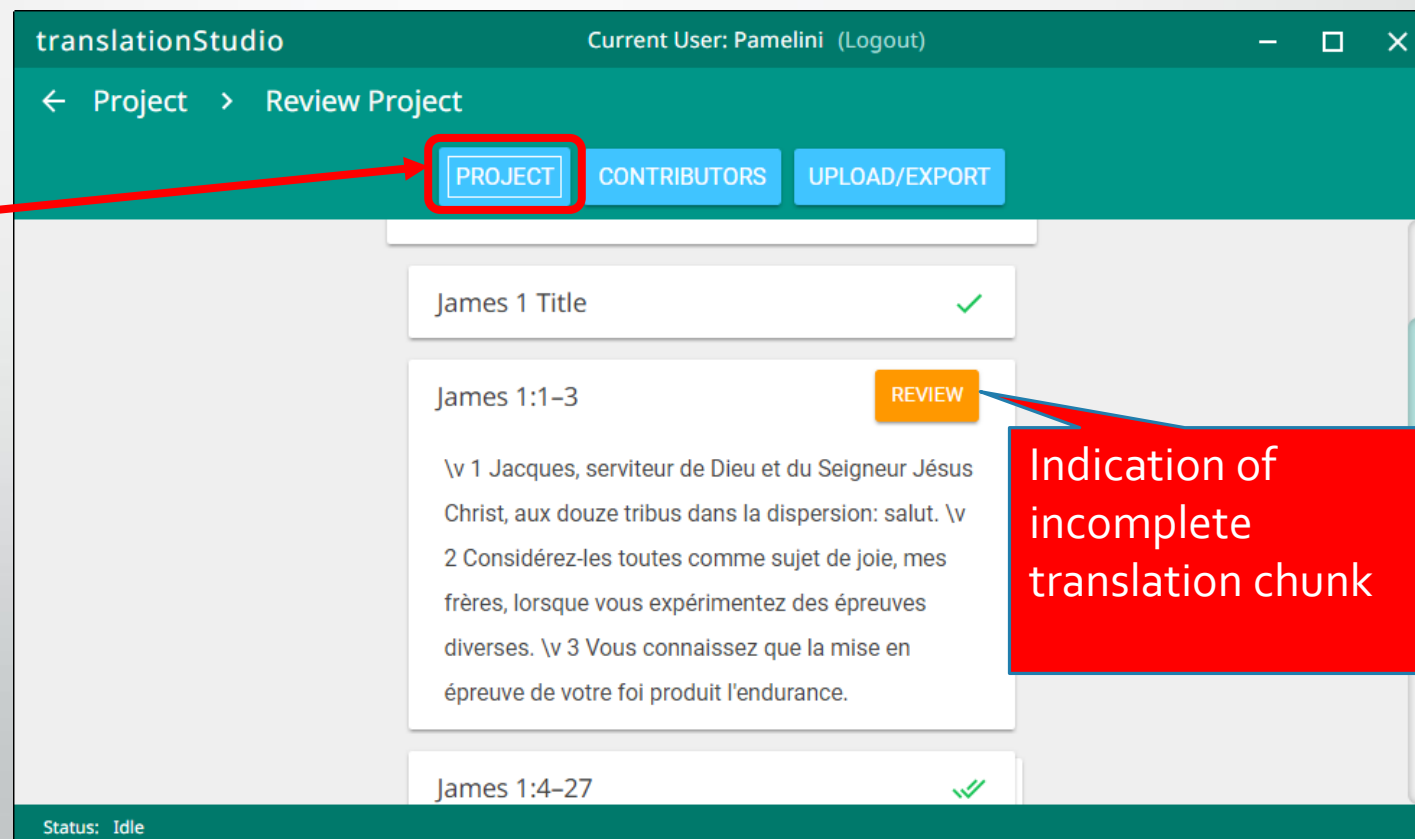

## Step 2: Reviewing Your Project

### 2. Review your project and add another contributor.

- a) Open your project
- b) Click Project Review on Options menu (good idea to review before sharing or exporting).
- c) Click Project.

# Step 2: Reviewing Your Project

## 2. Review your project and add another contributor.

- a) Open your project
- b) Project Review on Options menu (good idea to review before sharing or exporting).
- c) Click Project.
- d) Click Contributors.

# Step 2: Reviewing Your Project

## 2. Review your project and add another contributor.

- a) Open your project
- b) Project Review on Options menu (good idea to review before sharing or exporting).
- c) Click Project.
- d) Click Contributors.
- e) Add contributor's name and check the agreement box, then click Add Contributor.

3. Export your project to Door43.

a) Click Upload/Export from either the Project Review screen or from the Options menu.

OR

# Step 3: Exporting the Project to Door43

3. Export your project to Door43.
  - a) Click Upload/Export from either the Project Review screen or from the Options menu.
  - b) Click Upload to Door43.

**Upload/Export Options**  
For more information on these options,  
see the [help desk webpage](#) 

**Upload to Door43**  

**Export to USFM File** 

**Export to PDF File** 

**Export Project File** 

CANCEL

# Step 3: Exporting the Project to Door43

3. Export your project to Door43.
  - a) Click Upload/Export from either the Project Review screen or from the Options menu.
  - b) Click Upload to Door43.
  - c) On the Upload Complete message, note the upload location (DON'T CLICK CLOSE YET).

File location

File name:

LanguageCode\_BookCode\_FileType\_TranslationType

# Step 4: Viewing the Project on Door43

- Click the location link.

- A browser window opens to display your project on Door43.

# Deleting and Importing a Project

1. Delete your project from your device (to simulate loss of the file).
2. Import your project from Door43.

**Hands On  
Exercise**

# Step 1: Deleting Your Project from Your Device (to simulate loss of the file)

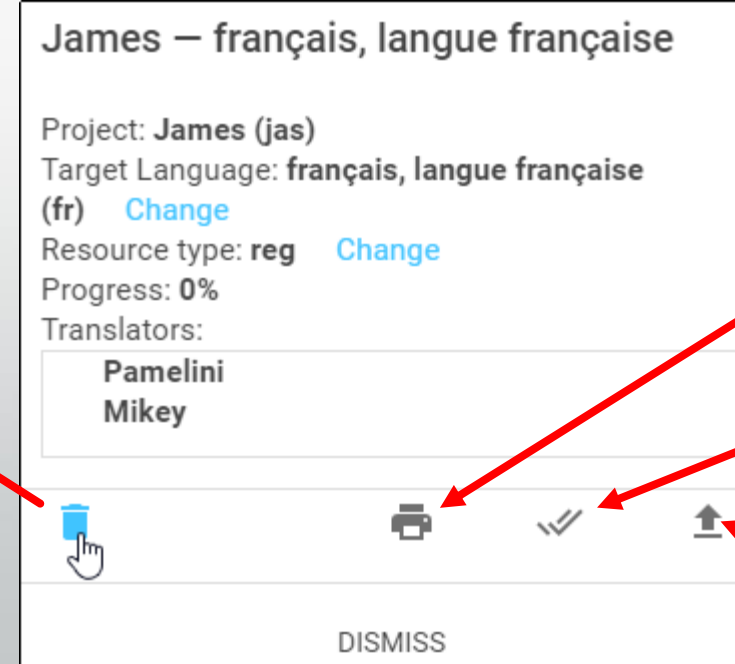

- On the Home page, click the "i" icon  next to your project.

- Click the Delete icon (trash can), and then click Confirm.

- Click Close to dismiss the Project Deleted message.

**OTHER THINGS  
YOU CAN DO  
FROM THIS  
WINDOW:**

Print  
Project

Project  
Review

Upload  
Export

# Step 1: Deleting Your Project from Your Device (to simulate loss of the file)

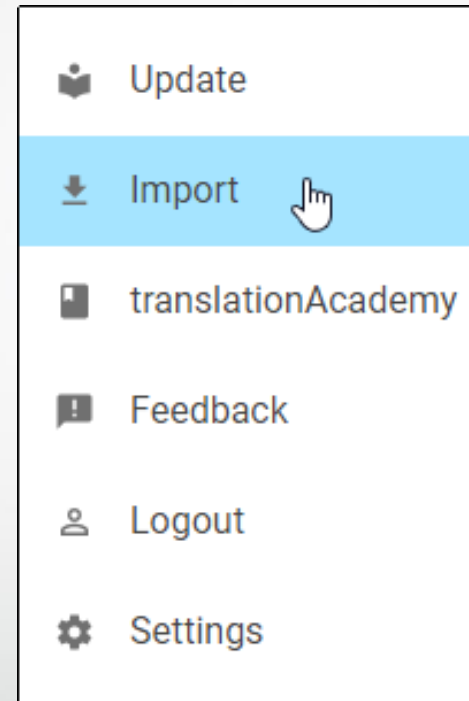

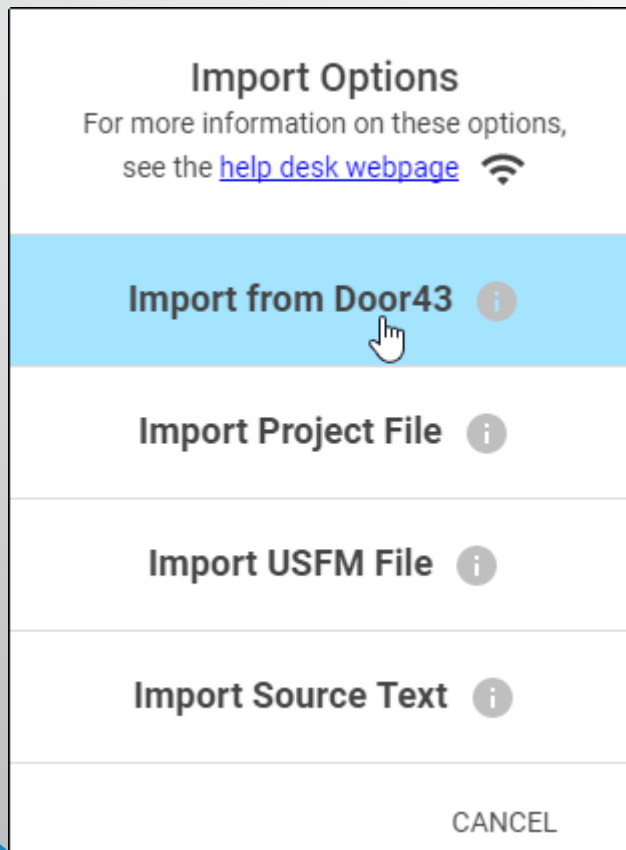

- On the Home page, click the “i” icon  next to your project.
- Click the Delete icon (trash can), and then click Confirm.
- Click Close to dismiss the Project Deleted message.
- The project disappears from your home screen – it has been deleted from your device.

# Step 2: Importing Your Project from Door43

- On the Options menu, click Import.
- Click Import from Door 43.

# Step 2: Importing Your Project from Door43

- On the Options menu, click Import.
- Click Import from Door 43.
- Select the project to import.
- Close the Success message.
- The project has been imported to your device.

CANCEL	

## Import Complete

Your project has been  
successfully imported.

CLOSE

# Merging Projects

- If you try to import a project that already exists on your device, you have 2 import options:

## Merge Projects:

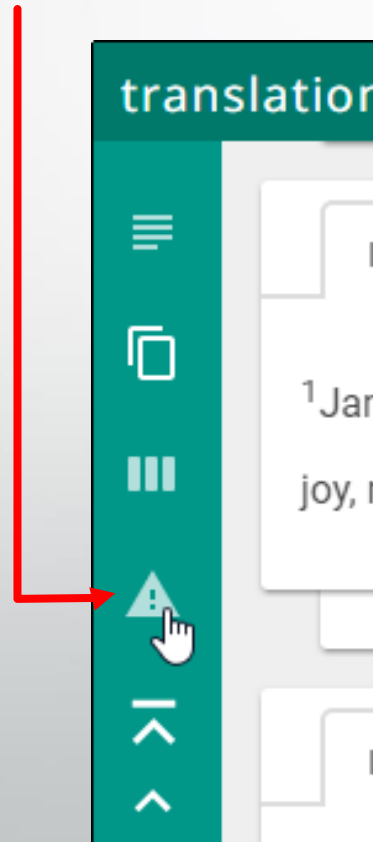

- The importing process continues.
- When the message that the import is complete shows, click **Close**.
- Open the project.
- If the imported translation has recent changes, they now show in the text.

## Overwrite Project:

- Removes all information on the computer related to the previous local project and substitutes it with the information from the imported project.
- We recommend that you **do not** choose this option if you have previously uploaded the project to Door43.
- Problems? Email [help@door43.org](mailto:help@door43.org) for or submit a ticket using the following link:  
<http://help.door43.org/en/topics/new>.

# Resolving Merge Conflicts

- When merging projects with differences between local and imported projects, tS tells you how many chunks have conflicts.
- Click the triangle “Warning” icon in the left side of the screen to view only the chunks with a conflict.

# Resolving Merge Conflicts

- When merging projects with differences between local and imported projects, tS tells you how many chunks have conflicts.
- Click the triangle “Warning” icon in the left side of the screen to view only the chunks with a conflict.
- For each chunk, select either:
  - The text prior to the import (green box) 
  - OR
  - The text from the import (blue box) 
- Click Confirm; the other text disappears.

James 1:1-3 — français, langue française

\v 1 \v 2 \v 3 Jacques, serviteur de Dieu et du Seigneur Jésus Christ, aux

\v 1 \v 2 \v 3 Jacques, serviteur de Dieu et du Seigneur Jésus Christ, aux douze tribus dans la dispersion: salut. Considérez-les toutes comme sujet de joie, mes frères, lorsque expérimentez des épreuves diverses. Vous connaissez que la mise en épreuve de votre foi produit l'endurance
